GARAGE ENTERED AFTER HOURS

During the early hours of Monday thieves entered the premises of Prevost Motors and took off with four new tires and a rear-view mirror. Two large tires, 800x15 and two smaller ones, 670x15, were taken. Entry was made through a rear door of the premises. R.C.M.P. are investigating.

South West Didsbury

(From Our Own Correspondent)

Jeanette and Laura O'Brien of Edmonton left Saturday after spending the holidays visiting relatives. Mr. E. Hunsperger of Ontario and Mrs. Grace Hunsperger were Friday dinner guests of Mr. and Mrs. Lynn Hunsperger and family.

Sunday dinner guests of Mr. and Mrs. E. Dippel and family were Mr. and Mrs. Eldon Deadrick and family and Miss Grace Tritton of Olds, Mrs. Alex Hall and Dorothy.

The Birthday club will meet at the home of Mrs. Ed Clayton on Tuesday, April 17th.

Donna and Carole Dippel spent part of the holidays with Mr. and Mrs. R. L. Shantz and family.

Mr. and Mrs. E. Cogswell and Mr. and Mrs. M. Dippel and Carole were Sunday dinner guests of Mr. and Mrs. C. F. Straud and family of Red Deer.

Mr. and Mrs. Neil Neufeld and family were Sunday dinner guests of Mr. and Mrs. Lynn Hunsperger and family.

Mr. and Mrs. J. L. Tugle were Sunday afternoon visitors with Mr. John Tittsworth.

Mr. and Mrs. R. L. Shantz and family were weekend visitors at High River, with Mr. and Mrs. V. B. Shantz.

Mrs. Lynn Johnson and girls of Alix visited from Friday to Monday with Mr. Ira Levagood and family.

Mr. and Mrs. Delbert Levagood accompanied by Mrs. Johnson and girls were Calgary visitors Monday.

Mr. and Mrs. Bob Owens and family and Mr. Ken Farrant all of Calgary were Good Friday visitors at the home of Mr. and Mrs. H. Jackson.

Bill Wigley is staying at the F. J. Jackson home while his oil rig is shut down due to road bans at Stettler.

Mr. and Mrs. S. Jackson and family and Mr. W. Gowland were Sunday dinner guests at the home of Mr. and Mrs. Johnny Bothers.

Mr. and Mrs. J. Cowie were Sunday visitors at the home of Mr. and Mrs. C. Long of Calgary.

Mr. and Mrs. D. Herbert motored to Calgary on Monday.

A Young Peoples Club meeting was held at the hall Monday evening. It was decided not to enter into a

partnership purchase of a district projector.

A motion was passed to have two loads of gravel dumped at the gate entrance to the hall.

Mr. and Mrs. Dan Mazepa and Mr. S. A. Kemby of Edmonton visited on a short time at the home of Mr. and Mrs. F. J. Jackson last Wednesday afternoon.

Mrs. A. Jackson was on the sick list over the weekend.

The ladies meeting was held last Wednesday at the home of Mrs. Susan Teynor. Unfortunately a number of the ladies were not able to attend. We understand the Busy Bees are planning a dance in the near future.

Mrs. Lily McGaffin of Calgary spent Easter Monday visiting with her brother Johnny Howton.

We were sorry to hear that Mr. Dean Stair's father had been very ill. We wish him a complete recovery.

Mr. Joe Teynor had the misfortune to tip his truck over on its side, fortunately none of them were hurt.

Word has been received from No. 4 Fighter Wing, Germany of the birth of a daughter, Linda May, to LAC and Mrs. A. R. Phil who are residing at Gagganau, Germany. We extend congratulations.

Mr. and Mrs. S. Jackson and family and Mr. W. Gowland were Sunday dinner guests at the home of Mr. and Mrs. Johnny Bothers.

Mr. and Mrs. J. Cowie were Sunday visitors at the home of Mr. and Mrs. C. Long of Calgary.

Mr. and Mrs. D. Herbert motored to Calgary on Monday.

A Young Peoples Club meeting was held at the hall Monday evening. It was decided not to enter into a

partnership purchase of a district projector.

A motion was passed to have two loads of gravel dumped at the gate entrance to the hall.

The ladies meeting was held last Wednesday at the home of Mrs. Susan Teynor. Unfortunately a number of the ladies were not able to attend. We understand the Busy Bees are planning a dance in the near future.

Mrs. Lily McGaffin of Calgary spent Easter Monday visiting with her brother Johnny Howton.

We were sorry to hear that Mr. Dean Stair's father had been very ill. We wish him a complete recovery.

Mr. Joe Teynor had the misfortune to tip his truck over on its side, fortunately none of them were hurt.

Word has been received from No. 4 Fighter Wing, Germany of the birth of a daughter, Linda May, to LAC and Mrs. A. R. Phil who are residing at Gagganau, Germany. We extend congratulations.

Mr. and Mrs. S. Jackson and family and Mr. W. Gowland were Sunday dinner guests at the home of Mr. and Mrs. Johnny Bothers.

Mr. and Mrs. J. Cowie were Sunday visitors at the home of Mr. and Mrs. C. Long of Calgary.

Mr. and Mrs. D. Herbert motored to Calgary on Monday.

Gas Installation Scheduled For Late This Year !!!

Last week's public meeting on natural gas installation was very poorly attended. However those who took the effort to be present were let in on some of the facts and figures that had been bothering them. Representatives of the gas company, Messrs. C. Ross, G. Benoy and Ian MacNab gave very interesting talks on the procedures of bringing gas to the town and into the homes. The main line will run down the alley and from the property line to the house, will be laid by the company at a cost to the householder of 75 cents per foot.

Meters must be installed inside so that they do not freeze. Conversion burners can be installed in coal burning kitchen ranges and also in furnaces that are in good shape. Hot water heaters can be connected to the same boilers that now use electricity and various circulating heaters and radiants are available for homes with no furnace.

Prices quoted are not out of anyone's reach and the service line payment can be spread over a short period of time where needed. An office will be set up to receive applications and as each one is received the householder will be issued with a house number so that he can be found quickly in case of trouble.

The contract calls for gas to be delivered here by October 31, 1956. Several outfits will be working on this project and almost nothing short of a flood will hold up the work, but the weather in Alberta can never be predicted, so that there can be no guarantee that it can be completed on time.

We are very glad to see that long last the new floor in the school. The children were delighted and even left their rubbers out on the porch instead of the entry way in order to keep the floor nice. Keep it up kids.

Mr. and Mrs. R. McMullen, Mr. and Mrs. Barry McMullen were Calgary visitors last week.

The ladies meeting was held last Wednesday at the home of Mrs. Susan Teynor. Unfortunately a number of the ladies were not able to attend. We understand the Busy Bees are planning a dance in the near future.

Mrs. Lily McGaffin of Calgary spent Easter Monday visiting with her brother Johnny Howton.

FALLEN TIMBER

(From Our Own Correspondent)

The district is saddened by the loss of one of its old timers in the death of Mr. W. H. McGaffin in Didsbury last Friday.

On April 1 the infant son of Mr. and Mrs. Bert King of Water Valley was dedicated to the Lord and christened Terry Bert, in the Foursquare Church Fallen Timber, by Rev. R. Moore.

Mrs. Johnny Howton, Danny and Jeanie spent Easter week in Calgary visiting the former's father, Mr. C. B. Moore who is a patient in the General Hospital. We are glad to report that Mr. Moore shows improvement each day.

Mr. Bob McGaffin of Haney, B.C. was the speaker at the Fallen Timber Foursquare Church Friday evening and Sunday afternoon. It was a pleasure to hear Bob speak and to see what a great man of God he has become.

We are very glad to see that long last the new floor in the school. The children were delighted and even left their rubbers out on the porch instead of the entry way in order to keep the floor nice. Keep it up kids.

Mr. and Mrs. R. McMullen, Mr. and Mrs. Barry McMullen were Calgary visitors last week.

The ladies meeting was held last Wednesday at the home of Mrs. Susan Teynor. Unfortunately a number of the ladies were not able to attend. We understand the Busy Bees are planning a dance in the near future.

Mrs. Lily McGaffin of Calgary spent Easter Monday visiting with her brother Johnny Howton.

Mrs. Kate Leeson Dies In Hospital

Mrs. Kate Leeson died in Didsbury hospital Sunday. She was born in London, England, and has resided here since 1922. She settled in Brandon in 1927, and moved to Vancouver in 1935.

A member of Knox United Church, Didsbury she was active in the ladies' aid, and in other church work. She is survived by two sons, Carlton, Didsbury; and Robert of Vancouver; one daughter, Mrs. John (Marion) Field, Strathcona, B.C.; one sister, Mrs. H. J. Oldaker, Vancouver, and seven grandchildren.

Rev. T. J. Stainton conducted the funeral service in Knox United Church, Didsbury, Wednesday at 2 p.m. Burial was in the family plot, Didsbury.

REDEEMER WALTHER LEAGUE HOLDS REGULAR MEETING

The April 3 meeting opened with the hymn "Christ the Lord is Risen Today," reading of Psalm 118 and a prayer.

A test on chapter IV of "Story of the Church" was taken and chapter V was discussed.

It was decided to hold the variety concert on April 13th at the Carstairs hall.

The society paper staff put out their first issue and it has proved to be very interesting. The membership campaign drive is now underway.

It is a system by which boys compete against the girls in asking friends to meetings, singing points in this way.

George Lumb served lunch to 20 Leaguers and five friends.

Drivers Fined For Infractions

During the past week some residents of the Didsbury and Carstairs districts appeared before the magistrate at Didsbury, on the following charges:

Driving at an unreasonable rate of speed.

Falling to stop at stop signs.

Operating a motor vehicle without a muffler attached to the "chuckle."

Stop signs are placed at intersections for safety and it is the duty of every person who operates a motor vehicle to obey these stop signs. It can cost you money if you fail to obey traffic rules. It can also cause grief in various other ways.

TODAY'S CHURCHES

The newspaper staff call from a woman who wanted her husband's name put in the obituary column because she caught him kissing his secretary.

Editor: "How long has he been dead?"

Woman: "He started tomorrow."

Rugby W. I. Ask Library Changes

Rugby W.I. held its April meeting at the home of Mrs. L. W. Krebs with 11 members answering the roll call, which was an upswing. Handicrafts were discussed, and \$9.00 was paid and \$9.00 sent to the A.W.T. fund.

All members of the Rugby W. I. would like to have the library open every Saturday afternoon and are willing to pay the librarian for one month. If each W.I. branch would take their turn we could keep the library open the year round. Mrs. Hoag gave the highlights of the federated news and Mrs. Bert Smith read a very interesting paper on "Farmstead Planning" as the agricultural topic.

The ladies will quilt two Red Cross quilts on Thursday, April 12 at Mrs. McNaughton.

The W.I. wishes to take this opportunity of thanking all those taking part in the variety concert and all that helped in anyway to make it such an outstanding success. Sixty-three dollars was realized at the door.

Mrs. L. Krebs had the best cake and Mrs. McNaughton the best decorated cake in the party cake contest.

The next meeting will be held at Mrs. Wilfred Laif's on May 2 at 8 p.m.

BIRTHS AT DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. B. Nelson of Didsbury, on April 6, a son.

To Mr. and Mrs. H. Stevens of Didsbury, on April 9, a son.

DAYS OF OUR YOUTH
A Hollywood star had her photo-
graph taken and found the re-
sult, which seemed anything but flat-
tering.
"I can't understand it," she said,
"the last time I posed for you, the
photographs were heavenly."
"Ah, yes," the cameraman sighed,
"but you must remember — I was
eight years younger then."

A GOOD NAME TO
REMEMBER WHEN
CONSIDERING
LIFE INSURANCE

Who Pays For ADVERTISING ?

- NOT the newspaper reader, because he saves both time and money by shopping the wide selection of honest values offered through the advertising columns.
- NOT the advertiser, because advertising always returns a profit when it is used correctly and consistently!
- NOT the publisher, because of the hundreds of firms who profitably invest hundreds of thousands of dollars in newspaper advertising!

Every Line Of Advertising in The Paper Is Paid For By The Fellow Who Doesn't Advertise !

The business which the non-advertiser loses pays the costs of advertising and ALSO returns a nice profit to the fellow who does advertise! HOPING for more business is not as effective as inviting more business!

WHERE CAN YOU GET CHEAPER AND BETTER ADVERTISING VALUE THAN IN THE DIDSBURY PIONEER, WHICH REACHES 90% OF THE HOMES IN THE DISTRICT AT A COST OF LESS THAN 1/2 CENT PER READER FOR AN ADVERTISE-
MENT THE SIZE OF THE ONE YOU ARE READING.

Five-Year License Plan

For Alberta's Drivers

Alberta government is considering

the possibility of issuing five-year

driving licenses, according to a re-

cent official announcement. Under

the plan, the license would expire

every five years on the holder's

birthday.

Hon. Gordon Taylor, minister of

highways, stated in the legislature

that no decision has been made on

the amount of the license fee, whether

it would be \$5 to correspond

with a \$1 a year now or a smaller

charge.

Under the new plan, the driver

would be assigned one license number

permanently, which would simplify

the filling procedure.

Legislation also was introduced in

the legislature to amend The Ve-

hicles and Highway Traffic Act in

order to make new provisions in re-

gard to proof of financial responsi-

bility.

Based on similar regulations in

Manitoba and British Columbia, the

amendments call for drivers to

carry "Financial Responsibility

Cards" issued either by the driver's

insurance company or the registrar

of vehicles.

Financial responsibility will mean

public liability insurance of at least

\$5,000 for one person and

\$10,000 for two or more injured

and property damage for \$1,000.

When a driver is involved in an

accident involving injury or death

or property damage of \$100 or more

Say 20,000 Miles Without
Oil Change Now Possible

The National Research Council says a Toronto company has been licensed to produce a 43 calcium alloy slug which will make it possible for automobiles to travel at least 20,000 miles without an oil change.

The slug, which is attached to the drain tap on the oil pan, was developed in 1933, by Dr. I. E. Puddington, director of NRC's division of applied chemistry, and Dr. A. P. Sirianni, a chemist in the division.

The two scientists say the slug enables engine oil to retain its lubricating qualities, provided no foreign matter gets into the oil.

It has been tested on two NRC cars which have travelled 22,000 miles without an oil change. The only fresh oil added was a small amount required to offset normal burning.

The council said the licence to produce the slug and market it commercially has been granted to Positive Metals and Alloys Ltd. of Toronto. It said the company plans to sell the slug for about \$3.

The original plan was to test the oil for 40,000 miles in the two NRC cars. However, recent tests had satisfied Canadian Patents and Development Ltd., licensing agency for NRC-owned patents, that the invention had proved itself and could be sold to the general public.

The council said that the oil in the two cars is discolored but is about as good as when it was poured in.

Dr. Puddington and Dr. Sirianni developed their invention after early tests showed that the addition of calcium and several other metals to engine oil slowed oxidation and gave longer life.

However, the calcium slug is of no assistance in prolonging the life of oil if it is polluted by road dust or other matter resulting from abnormal operating conditions.

It also will be of little value to motorists who change their oil in the spring and fall regardless of its condition. However, the council believes the invention will have wide application among motorists using all-season oils.

The council now is experimenting with the slug for use in airplane engines, stationary engines and sealed units where oil change is difficult or costly.

J. D. W. Cumberland, secretary of Positive Metals and Alloys Ltd., the newly licensed company, said arrangements have been completed to distribute and sell the slug at garages in about two months.

LET'S NOT OVERWORK

He started at the bottom, but uranium zoomed him to the top. In no time he was collecting real estate, paintings and antiques. One of his newly-acquired possessions was a very fancy ranch near Calgary.

"I've got 700 hens in there," he said proudly to a friend, one day, while showing the chicken coops.

"Wow!" said his friend. "Do they lay a lot of eggs?"

"They can," replied their owner. "But with my income, they don't have to."

PUT SPEED LIMIT ON CARS

Why don't our legislatures wake up to the fact that to eliminate an evil you have to get to the root of it?

Instead of posting a speed limit on highways, why not make cars so they can't go faster than a certain legal speed? The game in our country has more protection than the people.

The kill was taken out of our shrub-guns, but more kill was put in our cars, which are available to marauders who would drive 500 miles an hour if the cars would do it.

It's like giving a kid a rifle and 100 rounds of ammunition, and telling him not to shoot it.

and cannot prove financial responsibility at the scene, his car will be impounded.

Drivers from outside the province also would have their cars impounded if unable to prove financial responsibility.

Drivers from outside the province also would have their cars impounded if unable to prove financial responsibility.

Westcott Institute
Regular Meeting

Westcott W. I. met at the home of Mrs. Cliff Eckstrand, on Thursday, April 5, with 10 members and two visitors present. Mrs. Eckstrand was chairman for the day, as Mrs. Jack Robertson was ill with the flu.

Roll call was answered by giving "wash cloths for Korea." The W.I. cleared \$50 at the Macfarlane sale. Plans were made to serve lunch at the Levagood and Rinehart sale on Thursday, April 12.

A report on old woolens, which had been gathered to be made into new blankets, etc., was given; 230 pounds were sent to Brandon Woolen Mills Ltd. The W.I. will have many of these articles for sale.

Mrs. Brian Johnson of Didsbury gave a talk on "Civil Defence," which was very interesting and educational.

A letter from Norman W.I. was received and Mrs. Baudistel of Didsbury this month's letter. Mrs. Herb Goetsen gave the report of the W.I. Conference held in Calgary recently. Prizes in the Jelly Contest for March meeting were:

1st, Mrs. Raymond Shantz; 2nd, Mrs. John Luft. Judges for this contest were Mrs. A. Gebers, Mrs. W. McCulloch and Mrs. W. Rennie.

In the decorated party cake contest this month: 1st, Mrs. Ed Klincek; 2nd, Mrs. Cliff Eckstrand.

Judges were the visitors Mrs. Brian Johnson and Mrs. Wilfred Rennie.

Members are asked to note, that

TIME OF DAY

The collector lived only a few blocks from the antique shop so he decided to carry home the beautiful grandfather clock he'd just purchased.

Struggling along the street, with it, he felt a sudden jar, and peered around the clock to see whom he had hit.

Stretched out on the sidewalk at his feet, his victim snarled alcoholicly: "Why can'tcha wear a wrist watch like the rest of the people?"

JOLLY JUNIORS GIRLS' CLUB

The March meeting of the Jolly Juniors Girls' club was held at the home of Elaine and Carol Pratt. Meeting opened by singing "Oh Canada," the creed was read and the secretary gave her report.

It was decided to choose two girls to work on a cook book and a game book. The constituency convenor Mrs. Harry Richardson, was present and gave all the members of the club beans and crests. She also gave a very nice speech, that was enjoyed by all.

Mrs. Wagner was also present and taught those present how to crochet around a hankie.

The May meeting will be held at the home of Mrs. Clarence Larson, instead of Mrs. John Luft.

Ramblin' and Roamin'

WE LIKE TV as much as the average viewer but we're disappointed in the language used in a recent live production by Workshop 14, the famous group of Calgary players who work under the supervision of Betty Mitchell. Profanity in the script was heard by youngsters of a tender age, many of whom were hustled from the room when their elders heard what was being absorbed. This is the type of program we can do without — be we young or old.

WE LIKE the pains taken by local authorities to keep sewer lines on the run, but those big holes over the manholes could cause serious damage to unsuspecting motorists who happen to hit them in the centre. The sunken covers were marked by barrels for a short time but these have been removed. Is it not possible to arrange for a marker of some kind on these spots to warn people of the "booby-trap"?

WE LIKE the idea that the hail suppression plan has at last passed the talking stage. Plans are underway to hold a vote of ratepayers presumably some time in May, at which time we'll know whether or not the experiment will be tried in this area.

WE LIKE the work done by the grader on the main road into town. However, we all know it's only a temporary improvement, the weatherman could change it again in short order. What gives with the hard-top we need so badly?

WE LIKE the proposed project which is supposed to bring natural gas to Didsbury later this year. A meeting discussing the plan, held here last week, was poorly attended. We suggest those in command arrange to divulge in detail conversion costs and other details through some other medium than that used so far. Let's know just how deep we have to dig, in our yard and in our pocket.

WE LIKE those new cars, but the colors, no; some look like a rainbow that got side-tracked in the wrong paint factory.

OLDS HATCHERY

HATCH DAY — EACH TUESDAY, and FRIDAY
THROUGH MARCH, APRIL and MAY

By The Way

Contributed by

REV. T. J. STANTON, M.A.

"A PROBLEM OR A PERSON?"

Mother had just finished cutting Peggy's hair. She was sweeping up the cuttings. Peggy asked, "You are not going to throw my hair away are you?" Mother answered, "What else can we do with it?" Peggy: "Why can't you make it grow on Dad's head where he has no hair?"

That is a problem, a real one. It is also a personal one, nevertheless one can be a real person without hair. There are qualities, however, that a human being must have to be a genuine person, a real self.

The officer had been called in to consider the case of a 12-year-old girl, whom the principal said was a problem and must be expelled. The girl heard some facts about herself she had never thought important. She did some thinking, and we trust some praying. She saw things in a different way. She made a decision. She walked down to the lake and in the presence of her former pals threw her cigarettes into the water, to prove to them that with God's help she could and would hereafter be a person not a problem, and in a very short time she went from the bottom to the top of her class.

With many of us there are things we are always going to do: things we know we ought to do, but we continually evade doing them. We continue in this uncertain way of life. We think on one side today and on the other side, tomorrow, making problems of ourselves, for ourselves and for other people.

"He who has felt the Spirit of the Highest.

Cannot confound, nor doubt Him, nor deny

Yes, with one voice o world, thou deniest,
Stand thou on that side for on this am I."

This type of uncertainty has much to answer for in the realm of ill health. It seems to be the forerunner of worry, of fear and that vile feeling of being insecure.

A British medical journal had it this way.

It's Wise To Get Clear

When the city fathers of Calgary finally decided that the regulating of store hours was none of their concern, there were dire predictions of ruin and chaos. If municipal restrictions were abandoned, said the critics, all sorts of merchants would be forced to the wall and store clerks worked to death.

Well, says The Financial Post, after almost 40 years of more or less successful operation, the municipal restrictions have been lifted and, so far, both the store clerk and store owner seem to have survived. Some stores have decided to stay open on certain evenings, some have not.

Calgary municipal authorities have acted wisely in deciding to leave this complicated matter to the parties most concerned.

"Eat all kind nature can bestow,
It will amalgamate down below —
If the mind says so!
But if you once begin to doubt
Your gastric juices will find out."

We will leave that field to the medical men.

A student had written his masters thesis on Daniel. He had it printed. The printer mistook the word spirit for spine, and printed the sentence, "Daniel had an excellent spine in him."

There is no doubting that statement. The Daniel of the Old Testament records had an excellent spine in him, surely, but he had it because he also enjoyed an excellent spirit of faith. He had faith in God, in people, in service and under all conditions. Such faith makes the difference between being a problem person and a genuine person; a real self.

Times have greatly changed but not in this phase of experience. When any young person goes to College, enters business, joins the forces, or shares in the field of sport he is sure to come face to face with temptations, temporal set-backs, minor defeats and bitter opposition. To be true to himself to his home, to all his real friends and to succeed as it is always his privilege to do, he must have an excellent spine in him. People with excellent spines in that sense are never problems; always persons.

DeSoto

It's pure delight to take the wheel of a new DeSoto and put your foot to V-8 power that's as swift and smooth and silent as a jet in flight.

Yes, here is performance unmatched in DeSoto's field, an engine capable of lightning response to any demand. Yet, with its advanced design, this 255-horsepower Fireflite V-8 is a modern marvel of economy, too.

But wait ... even with all this superb power, a DeSoto is so easy and effortless to handle.

You select your driving range with the flick of a finger on DeSoto's push-button PowerFlite controls.

You stop at feather-light touch on DeSoto's new centre-plane brakes ... a revolutionary new design that not only affords superior braking, but also longer lining life with fewer adjustments.

Famous DeSoto full-time power steering is available, too, to take 80% of the effort out of turning. And all this engineering excellence is wrapped up in the trend-setting beauty of DeSoto Flight-Sweep styling. See for yourself. Just a phone call to your dealer will bring a DeSoto to your door for a thrilling demonstration drive.

Try the magic touch! Just press a button ... step on the gas ... and GO with push-button PowerFlite automatic transmission, standard on every DeSoto. A simple, mechanical system whose trouble-free operation ensures lasting satisfaction.

WHO'S CRAZY

The Superintendent of an insane
asylum noticed an inmate pushing
a wheelbarrow upside down.

"Why do you have it upside down?"
asked the Superintendent.

"You don't think I'm crazy do
you?" was the reply. "I pushed it
right side up yesterday and they
kept filling it up with gravel."

NEVER BEFORE

An elderly farm couple was visit-
ing New York for the first time. The
sights seemed to interest the old
gentleman more than his wife, who
finally exclaimed, John, the way you
look at these city women is something
scandalous. A body'd think you'd
never seen legs before."

"Well," John mused, "that's just
what I was thinking myself."

Sharp Shooting By
Game Associations

The Fish and Game Association
brought down several birds last week
in what might be termed some out-
of-the-season shooting. The target
was amendments to the Game Act
and a sudden reverse on the part of
the government nearly deprived the
Fish and Game Association of a good
topic of conversation for its indigna-
tion meeting in Calgary. By the time
the meeting was convened the
amendments had been much mod-
ified; nevertheless there were 400
at the meeting to discuss the legality
of the proposed amendments.

We hope that the Association also
discussed good manners for hunters.
When tighter regulations were urged
on the cabinet by the Social Credit
caucus this session, it was because
many hunters have been careless or
boorish or both. The regulations at
first proposed were surprisingly severe
and in some ways probably as much
a nuisance to the landowner as to
the hunter. The amended regula-
tions unhappily puts the onus for
protection upon the landowner rather
than the onus for decent hunt-
ing manners on the hunters and un-
less they want further tightening
up of the Act of hunting, the Fish
and Game Association members
should put on a good drive to check
the behavior of that section of the
hunters which called forth the regu-
lations, as first proposed. They
should do a thorough job of educa-
tion on the greenhorn hunter and on
the stupid hunter.

— Nanton News

NICE FELLA'

It's true," said the husband, pen-
sively, "my wife ran away with my
best friend."

"Too bad. Was he a handsome
devil?"

"Can't say. I never met the man."

Notes From D.A.

By Howard J. Falcher

Farm fatalities are far too high
during the rush of spring work. In
addition to these there are many
other injuries resulting in loss of
fingers, hands and legs. Still many
more are of a lesser nature but all
only add to expenses and suffering.

Most of these accidents could be
avoided, they are caused by
mistaken judgment and carelessness
in many cases. Complete over-
hauling and repair of machinery be-
fore work commences in the field will
help to eliminate hasty field repairs
which often lead to injuries. The
tractor and power machinery have
made it more and more imperative
to be careful in farming operations.

Rearranging of the tractor has caused
many fatalities, this is caused by
jerkings or improper hitching, never
hook machinery to a tractor above
drawbar level. Today's machines
have many safety features incorpo-
rated, such as shields and safety seats,
these should be in the place properly
and firmly secured.

There are a number of factors
which may lead to the accidents
which should be avoided if at all
possible. Among these are excessive
speed, slippery footings, tiredness
of operator, improper hitching, but
the greatest one is carelessness.

Be sure that all machinery is op-
erating correctly that the brakes
and steering assemblies are in
good condition and safety shields
in place. Do not adjust, lubricate or
clean machinery while they are in
motion. Careful or careless opera-
tions may mean the difference be-
tween life or death. "BE CAREFUL."

STAY WITH RECOMMENDED

WHEAT VARIETIES

A. D. McFadden, cerealist at the
Lacombe Experimental Farm, advises
Alberta farmers not to be in too big
a hurry to substitute the new Selkirk
wheat for the commonly grown
Thatcher and Sedona. Selkirk was
introduced to meet the taste of some
of the newest straw strains, he points
out. It is a good quality wheat and
fits well the purpose intended, but
wheat rust is not a major threat in
Alberta. Selkirk wheat is at present
recommended only in the irrigated
areas of the province.

Whether it will prove sufficiently
superior under Alberta conditions to
replace the currently popular vari-
eties remains to be seen; so far the
odds have been against it. Tests con-
ducted during the past three years
on the major soil zones of central
Alberta have produced variable re-
sults. The average of these tests in
1934 showed Selkirk producing 31.4
bushels per acre and outyielding
Thatcher by 23 per cent but in both
1933 and 1935, Thatcher proved the
higher yielder. In 1933, Thatcher
averaged 48.8 bushels per acre in the
tests, outyielding Selkirk by 6%.

In 1935, Thatcher produced an average
yield of 45.2 bus. per acre — 13.2%
more than Selkirk.

Just why Selkirk should have shown
up so well in 1934 is not known, but
the research men advise waiting at
least for results of the 1935 tests be-
fore considering large scale produc-
tion of this variety in Alberta. As
for the other characteristics, Mr. Mc-
Fadden reports Selkirk in Alberta
averaging around one day earlier
than Thatcher and two days later
than Saunders. Selkirk has a much
larger kernel than either Saunders
or Thatcher. Length of straw of
Thatcher and Selkirk are about the
same, but Selkirk appears to be
slightly more resistant to lodging.

TREE PLANTER:

During the last
week in April and early in May trees
from the government nurseries will
be going out by the thousands to
those who ordered them. You will
likely be making plans to plant them
promptly on arrival if weather and
ground conditions are suitable.

Most replacers are aware that the
municipality owns a mechanical tree
planter and that it is available to
you for use in planting your trees
free of charge. However, if you are
replacing trees in rows or windbreaks
already started, it would be imprac-
tical to try to make these require-
ments with the planter.

If you are planning to make use
of the planter be sure to leave your
name and the approximate number
of trees you have to plant, with me
so that when the time for planting
the trees arrives we can do this work
to the best advantage for mileage
travelled.

We bring the planter to your farm,
you supply a tractor and a man to
operate it and we will plant the trees
for you.

HOW D' YA DO

Shortly after the completion of
his new home, Mr. Jones summoned
his plumber in the middle of the
night to mend a burst water pipe.
Jones and his wife were waiting
at the door when the plumber ar-
rived. "Before you begin," said Jones,
"I want to acquaint you with the
cause of the trouble."

The plumber turned and bowed
very low to Mrs. Jones. "I'm pleased
to meet you ma'am."

CHRISTIAN SCIENCE

The scientific unity of God and
man, as taught by Christ Jesus, will
be set forth at Christian Science
services Sunday.

Keynoting the Lesson-Sermon en-
titled "Doctrine of Atonement" is
the Golden Text from John 3:17:
"God sent not his son into the world
to condemn the world; but that the
world through him might be saved."

The following passage will be
among those read from "Science and
Health with Key to the Scriptures"
by Mary Baker Eddy: "Atonement
is the exemplification of man's unity
with God, whereby man reflects di-
vine Truth, Life and Love. Jesus of
Nazareth taught and demonstrated
man's oneness with the Father, and
for this we own him endless homage"
(18:1-5).

Readings from the Bible will in-
clude the following Luke 1:68:
"Blessed be the Lord God of Israel,
for he hath visited and redeemed his
people."

QUOTA INCREASE

Effective March 29, the Canadian
Wheat Board increase quotas to 5
bushels per acre at 67 delivery points
in Alberta.

Addition to Royal York Hotel: This architect's drawing shows how the new \$10,000,000, 400-room addition east of the present structure is completed by late

in 1956. In announcing the new building, N. R. Crump, president of the Canadian Pacific Railway said evaluation was expected to start next November. It will increase total room capacity to 1600, and the ad-

dition of several banquet rooms, one with capacity for 3000 will enable Toronto to maintain its position as Canada's leading convention city. The addition to the famed hotel is shown in the right of the drawing.

How Can School Costs Be More Fairly Distributed?

Dr. M. E. LaZerte, Research Director, Canadian School Trustees' Association.

How must a basic minimum program that would give all children equal opportunities be financed so that school costs would be more fairly distributed than they are now? Two assumptions should be made: first, the owners of real property should not be required to pay two-thirds of school costs levied against real property should be more fairly distributed by making tax rates equal in all districts.

In 1951-52 the average provincial government grant in the ten provinces equalled 35% of total costs of elementary and secondary education; local taxes, 65%. Such a distribution of costs could be justified in the remote past when local districts were educating children for life in their home communities and when real property holdings were a fairly accurate measure of wealth and ability to pay. Conditions have changed greatly in recent decades. Today rural-urban migration takes many rural children from their home areas to urban and industrial centres about the time they complete their schooling. Education is becoming a matter of provincial and national rather than local concern. Provincial governments upon whom primary constitutional responsibility for education rests have retained control over most phases of public education while requiring local districts to provide much of the money. Education is a social service to which all people of the province should contribute according to their ability to pay. This means that provincial rather than school districts and municipal authorities should be primarily responsible for providing funds. Schools can be administered more economically by local than by provincial authorities. Real property is a stable tax base that should continue to provide a fair proportion of school revenue.

Having agreed that a determined percentage of school costs should be met by real property taxation, should not these taxes be shared equitably present time. In each and every province school mill rates are most unequal. Even though assessments

were equalized as they should be present levies would call for tax rates ten, fifteen or twenty times as high in some districts as in others.

The Canadian School Trustees' Association believes that provincial grants should form a larger percentage of school costs and that levies against real property should be more fairly distributed. The programme they recommended involves (a) a prescribed foundation programme for all schools, (b) a uniform provincial real property tax rate to help support the basic minimum programme, (c) equalized assessments throughout each province, and (d) provincial grants equal to the difference between the total cost of the foundation programme in all districts and the revenue derived from the uniform tax levy. Supplementary tax rates would be applied in all districts offering more than the minimum program; government grants would be paid in support of the foundation program only; costs upon which

HE' NEVER MAKE IT

A drunk, obviously in no condition to take the wheel, was getting into his automobile when a police officer halted him and asked:

"You're not going to drive that car, are you?"

"Certainly I'm going to drive," the man replied. "I'm in no condition to walk."

grants would be based should include debt retirement, transportation and similar items as approved by the government's superintendents and inspectors of schools.

The procedures discussed in the last two articles would broaden the tax base for school support, do much to equalize educational opportunities for all children and equalize real property taxes throughout each province. However, money cannot buy education; it can buy only goods and services. The quality of education depends more upon anything else. If schools were financed as herein suggested by the Canadian School Trustees' Association, it would be possible to raise standards of teacher education and certification to provide better education than that now available to hundreds of thousands of Canadian boys and girls.

Eisenhower Not Ready To Accept Red China

It takes so much these days about the rights of the Communist government of China to be given recognition within the organization of the United Nations. Our own Lester B. Pearson has referred to it several times in his public utterances, and since he is our Minister of External Affairs, naturally his opinions are given considerable weight. We saw a television show recently about certain British newsmen were quite outspoken against the United States for the stubborn attitude towards Red China, when as they said "it is established that the Communists are now the only government with semblance of control in China." But last week when President Eisenhower of the U.S. President Cortines of Mexico, and Prime Minister St. Laurent of Canada met in conference down in Georgia, President Eisenhower made it known that the United States was not yet ready to admit Red China to the United Nations council tables.

What is he so adamant and what justification has he for his attitude? The simple fact is that Red China, no doubt upon Soviet Russia's influence, stepped into the Korean War without provocation and it was the armies of the U.S. for the most part, that had to stand up to the furious military attacks. Casualties were heavy and the treatment of American soldiers who were taken prisoners was not according to the principles of recognized international law. Red China has a lot of internal housecleaning to do before decent people can be expected to accept her on equal terms and it is not becoming for British and Canadian spokesmen to belittle the Eisenhower viewpoint till this housecleaning is done. Britain has her hands full in Cyprus right now and she has been very sensitive to any outside criticisms. We can't see where Britain could do otherwise than hold onto Cyprus. Why the issue should be brought to a head to coincide with the Arab insurgency in the Middle East is something the calm attitude of the outside world must question.

France is having her trouble, too, in North Africa. There are times when the ethics of international law must be waived in the best interests of the many over the selfish interests of the few.

— Camrose Canadian

New Deadline Date

A one month extension on 1955 driver licenses and automobile registration plates was announced by Horace R. Clark, registrar of the licensing division.

The normal expiry date is March 31, but with the seasonal rush on licensing offices, reaching record proportions the date has been set back to April 30.

The extension gives motorists one more month in which to obtain their 1956 plates and licenses. May 1 is the deadline for installation of new plates.

DON'T HAVE A SINGLE TRACK MIND ON A DOUBLE TRACK RAILROAD!

More and more people choose

PLYMOUTH

the lowest priced car with push-button driving

Here's plenty of reason why it's the most popular Plymouth ever!

For sheer driving pleasure, nothing can match a Plymouth that is equipped with push-button PowerFlite automatic transmission. Push-button PowerFlite can't be beat for dependability, either. Simple mechanical construction assures trouble-free operation. Yet push-button driving is just one of the many good reasons so many people are buying Plymouths today.

Take styling, for instance. From upswep rear fenders to massive grille, Plymouth's long, low, surge-ahead beauty proves it's the only all-new car in its field.

Take your choice of dependable 6 or Hy-Fire V-8 with up to 240 horsepower in the Plymouth Fury.

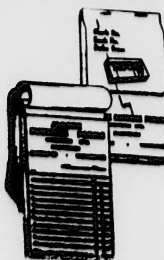

There are such built-in safety and comfort extras as Safe-Guard door sashes, Safety-Rim wheels, two-cylinder front brakes, Oriflow shock absorbers, as well as Plymouth's Push-button PowerFlite.

Stop in at your dealer's today. See the new Plymouth, drive it yourself. There's no better time because there's no better deal!

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

Most of the students were out on various appointments taking both Sunday school and services on Sunday. They were to the following places: Edmonton, Westward Ho, McDougal Flats, James River, Big Valley and Castor. This will be the last time they will take appointments in this manner until school closes.

The people have enjoyed these young people on all of the fields as they have come to them from time to time. All of the readers of this column will be happy to know that the choir will present their annual concert in the United Missionary church here on Friday, April 20 at 8 p.m. Mr. Ormand Sherick has done a splendid job in preparing them for this concert. This weekend they will tour from Friday evening until Sunday evening, going up into the Castor-Galahad district and ending in Lacombe. Mr. Waldin will again give of his time and help in taking them in a rented bus.

Commencement exercises will be as follows: Rev. Starkey, district superintendent of the Washington Conference, will be the Bible Conference speaker, and will also speak at Baccalaureate Service. These services will begin Friday, April 27 and continue through until Monday evening. The Baccalaureate service will be conducted in the United Missionary Church on Sunday, April 29 at 2:30 p.m. The morning service will be taken by the College, when the winner of the Semon Award offered by Miss Gladys Eby will present the message prepared under the direction of the Homiletics Classes of the College.

On Monday evening, April 30, Rev. Saville of Edmonton will be the commencement speaker. Eleven young people will then graduate receiving degrees in Bachelor of Religious Literature or a diploma in Bible. Awards will also be presented to those who competed in the John Sider speech award, the holiness sermon award and the Harold Oke service award. All readers and their friends are invited to attend these services.

Rev. and Mrs. John Cunningham of Calgary were guests of Mr. and Mrs. Taylor on Sunday evening for supper. They will be leaving for a pastorate in Sarnia, Ontario soon. Mrs. Cunningham was the former Dognar Edwardson.

President Taylor ministered at quarterly service in the May City United Missionary Church on Sunday in the presence of the district superintendent, Rev. H. A. Traub.

Mr. and Mrs. Walter Reimer entertained the entire senior class, with their sponsors, President and Mrs. Taylor on Friday evening of last week. All of them greatly appreciated the wonderful time that these people gave them, and the lunch, as usual, was superb, we are told.

President and Mrs. Taylor and family were guests also at a dinner party in the home of the former's parents on Friday. Mr. Taylor's father was celebrating his birthday and all of the family was able to be home for the occasion.

On Saturday evening the high school young people, who are members of the Christian Fellowship held a party in the college. Quite a number were present and they enjoyed the evening in games and fun after which a lunch was served.

Mr. Ken Shauers, a graduate this year, has done a splendid job on setting out the brochure for the year. Mr. Wiggins has taken all the pictures that will be seen in it, and the students are well pleased with the results. Ken was assisted greatly by Miss Janice Shannon, who will be the editor of the annual for the coming year.

Election day has passed in the College. The election for Associated Student College always takes place before school closes in the spring. The results were as follows: President A.S.B. David Archer, vice-president, Ormand Sherick; secretary, Chriet Steeves; treasurer, Wilfred Wiens; editor of the annual, Janice Shannon; president World-Wide Gospel Messengers, Phyllis Traub; social recreation chairman, Alvin Ries.

The presidents of the classes will be elected in the fall. We congratulate these young people on their offices and extend our appreciation to those who have finished the past year in their respective offices.

TRUE ENOUGH

It's true. The Cancer Crusade is moving ahead. Be there when a canvasser calls.

THE PRAYER

Mrs. Green was concerned about the deportment of her parrot. The only expression it could utter was: "How about a kiss, Baby?" Then Mrs. Green heard of a parrot owned by a Mrs. Smith, which did nothing but pray all day. So she got in touch with Mrs. Smith, asking if their parrots could visit each other, to see if the praying bird would have a good influence on the other. Mrs. Smith agreed.

No sooner were the birds together, however, when the male asked: "How about a kiss, Baby?"

Mrs. Smith's bird replied: "What do you think I've been praying for?"

CREMONA NEWS

(From Our Own Correspondent)

The Cub and Scout hall has been successfully moved from Garfield to the Cremona site, on the north side of the curling rink. That's making progress in the right direction boys, having a hall of your own.

A shower for Art Brace and Beverly Janzen was held in the Big Prairie school last week.

Debby Lee Sirt, wee daughter of Dave and Diane Sirt, has just recovered from a bout of chicken pox. Delbert and Desmond have just developed good rashes.

David and Frank Lamont visited at the home of their sister Mrs. Glenn Laine last weekend.

Mr. B. E. Reid is home again and progressing nicely. We're so glad Mr. Reid is feeling better and will be even happier when he is well enough to attend Sunday school again.

Harry Boettger has just completed drilling two water wells in Cremona, one for Bob Barclay and one for Tony.

Mr. Sanderman has his basement dug for his new house. Just waiting for frost free weather to run cement. The hotel basement forms are laid. It looks as though they are ready to go to run cement also.

There's talk around town about a bank opening. We are hoping it's not all talk.

Mrs. Dorothy Walsh, victim of a car accident, was buried from the Cathedral Church on Thursday, April 5th. We extend the sympathy of the Cremona district to Mrs. Walsh's family.

Edna McQuary spent the Easter holidays with Mae Coleman.

Mr. and Mrs. Robert King held their wedding dance at Water Valley, on Monday evening, April 2nd.

The W.A. met at the home of Mrs. Ehrenreich on Friday afternoon, April 6th.

Anyone who has a bracket, cup-board or one that could be fastened on the wall, (that they no longer can use), would delight the primary boys' class by donating same to the Sunday school room. The boys have only a table to keep their supplies on at present.

We understand that M. McBain is replacing Mr. Mercer as principal at the Cremona school. Mrs. F. Stone is to take over Mr. McBain's previous duties.

WEST NOTES

(From Our Own Correspondent)

Mrs. G. Blain, a real old timer of this district received congratulations over the air Friday last on her 80th birthday. Mrs. Blain is still quite active and does all her own housework, relative and friends called Friday afternoon and evening to wish her many happy returns, and during the afternoon Miss Sarah Zeck delighted everyone with her singing of many of the old hymns. A delicious lunch was served to all callers and all join in wishing the very best to this grand old lady.

Mrs. P. Hoesgood was a Calgary visitor on Friday when she attended a get-together of the student nurses and mothers at the General Hospital. Maxine returned with her to spend the night.

Mr. and Mrs. A. L. Hogg were supper guests with Mr. and Mrs. W. Rishby, Friday evening.

Mrs. H. Hoesgood was a Calgary visitor on Friday.

Mr. and Mrs. Arnold Hogg and family spent Sunday with Mr. and Mrs. Ray Garfield.

Mrs. L. Woolway and her granddaughter of Red Deer, spent several days with Mr. and Mrs. P. Hoesgood last week.

Mr. and Mrs. Frank Herbert attended the funeral of Mr. L. Jones of Hartman last Wednesday.

Mrs. O. Krebs left Sunday with the Shannon outfit for Shirling as did Mr. Earl Lewis.

Mr. and Mrs. R. Banshaw visited the former's parents on Sunday.

An American Indian petitioned the court to have his name changed. The judge asked his present name.

"Chief Screeching Train Whistle," he replied.

"And what do you want it changed to?" asked the judge.

"Too's," replied the Indian.

Little Items of Local Interest

Mrs. J. A. Shannon, Regent of the Mone Chapter, left Tuesday for Edmonton to attend the Provincial Annual Conference of the I.O.D.E.

Mr. Murray Kendrick arrived last week for a month's vacation with his parents, Mr. and Mrs. A. R. Kendrick.

The Ladies Golf Club annual meeting will be held Monday April 10 at 8:15 p.m. at the home of Mrs. H. Lynell-Staunton. All members and prospective members are asked to attend.

Mr. Earl St. Clair, Mr. and Mrs. Bert Radford and Roger, were Monday evening visitors at the home of Mr. and Mrs. Henry Anderson. Due to a flash flood high boots were needed to reach the trailer.

Mr. and Mrs. R. E. McMullen of Elkton spent the weekend at the home of their son Albert McMullen in Red Deer and while there Mrs. McMullen attended the Anglican W. A. Deannery meeting on Monday at St. Luke's church Red Deer.

Mr. and Mrs. J. Gilbertson of Edmonton spent Sunday visiting with Mr. and Mrs. G. H. Burke.

It's true — The Cancer Crusade is moving ahead. Be there when a canvasser calls.

REMARKS IN POOR TASTE PREMIER TELLS PRUDHAM

Premier E. C. Manning said Tuesday that a statement by federal mines minister George Prudham concerning Trans-Canada Pipe Lines Ltd. was "in very poor taste."

Mr. Prudham said Monday the Alberta government should "review carefully" its policy of granting Trans-Canada exclusive rights to transmit natural gas out of the province.

Mr. Manning said in an interview: "Alberta has never been in favor of an exclusive permit. It exists because of the federal national policy in respect to gas export."

In view of this Mr. Prudham's statement was in poor taste," the Alberta premier said.

Mr. Prudham made his remark at a Liberal association meeting in Edmonton. He said the pipe line situation has reached "a point where something must be done."

The first move was up to the Alberta government, he said. Mr. Prudham did not elaborate. Last week he told a meeting of the Red Deer Liberal Association that a new company had indicated it would build a natural gas pipeline from Alberta to the central provinces without government assistance.

Present proposals for Trans-Canada's development of the line call for the federal and Ontario governments to build the stretch across northern Ontario and lease it to the company, with the firm having an option to purchase the section.

TODAY'S CHUCKLE

Man: "So you desire to become my son-in-law?"
Youth: "No sir, I don't. But if I marry your daughter I don't see how I can very well get out of it."

Coming Events

The University of Alberta mixed chorus will be in the auditorium on May 1, presented by the Knox United Mens Club of Didsbury.

The annual meeting of the Mountain View Community Hall will be held in the hall April 13, at 8:30 p.m.

The afternoon group of Knox United Church W.A. will hold a "Bake Bean Supper" in the basement of United Church Saturday, April 21, from 5:15 to 7:30 p.m. Price 75c. Everyone welcome.

At 2:30 p.m. April 12, the W.C.T.U. will meet in the home of Mrs. Ira Stauffer. This is a special meeting in that Mrs. Fretwell, district president, will be guest speaker. Every member is urged to be present. Visitors are welcome. If you wish a ride out please contact either Mrs. Ray Shantz or Mrs. A. Eby.

The Knox United W.M.S. will meet Friday, April 20 at 2:30 p.m. at the home of Mrs. Roach.

The motion picture "Heidi" will be shown at Didsbury Opera Theatre on April 23, 24, and 25. A special matinee will be held at 4 p.m. on Wednesday, April 25.

A film projector demonstration will be given in the Rugby hall on Tuesday, April 17 at 8 p.m. A speaker from the film board will be on hand to answer any questions concerning the film council set up in this and surrounding areas.

LIGHT YOUR WAY WITH BIBLE STUDY

Spring is here. Once again the wide open space will lure men women and children to enjoy the majestic wonders of God's handiwork.

"I can worship God just as well in the outdoors," said Mr. Johnny Canuck, as he threw his fishing tackle into the back seat of his car — ready for a Sunday morning outing.

"But do you?" asked his neighbor, as he gave each of the children a dime for Sunday school. Mr. Canuck jumped into his car with a grateful off he went. He knew his bluff had been called.

One of the reasons Christ set up the Christian congregation was for public worship. In the Christian congregation God offers the preaching of the Word, the celebration of the Sacraments, the opportunity for Christian fellowship. To each and every one of His own He says: "Not forsaking the assembling of ourselves together, as the manner of some is." His own should have in their hearts the point of view of the Psalmist who said: "Lord, I have loved the habitation of Thy house and the place where Thine honor dwelleth."

In order to be assured of God's love for you, to become a sharer in the forgiveness which Christ has earned, to receive strength to lead a victorious Christian life, you need the church, and you need it badly.

The church can use what you have to offer, but you need far more what the church has to offer you through Jesus Christ.

LATE CLASSIFIEDS
